How Your Donation Helps

RESEARCH SHOWS that mental health problems are linked with a host of societal concerns, including physical health outcomes.

Josephine County is fortunate to have three outstanding mental health organizations that address the needs of the children, teens, adults, and families in our community. Family Solutions, Kairos, and Options for Southern Oregon were all founded by local citizens in response to community needs. These organizations have developed high-quality, innovative, and cost-effective services over the past 35 years. Together they serve more than 5,000 individuals annually, and approximately four times as many low-income individuals are eligible for services.

Rogue Winterfest is a unique collaboration between these nonprofit organizations. Your contribution and participation in this community fundraising event will help thousands of people get the help and care they need to improve the overall health of our community.
